The Sun Shines Everywhere

We read the news today, oh boy. Alameda resident and former Sun Kings vocalist Michael Barrett, second from right, shares the hometown news with Stan Bullock of Greensboro, N.C. left, Joe Orlando of Freehold N.J., right, and an image of fellow voracious reader John Lennon. The three were in Liverpool to perform together at the Cavern Club on Mathew Street during International Beatles Week 2013.

"The Sun Shines Everywhere" attempts to show the Alameda Sun in every state of the Union and every country in the world. Submit a small descriptive paragraph along with your photo to the Alameda Sun, 3215-J Encinal Ave., Alameda, CA 94501. Submissions may also be e-mailed to editor@alamedasun.com.
