## SCIENCE IS COOL

by Colin Close

Did you know... The speed of sound, around 767 mph, is much slower than the speed of light (671,000,000 mph). That's why you hear lightning after you see it. You can even tell which way a storm is headed by counting the seconds between the flashes and the booms - if the time is getting longer the storm is moving away, if it's getting shorter then the storm is coming towards you.

## Dance Troupe Performs in New Venue this Year

**Sun Staff Reports**  
The West Coast Dance Theatre, under the direction of Marnell Xavier and the West Coast Performers International Touring Company is preparing for its 44th annual musical song and dance production, a three day festival of the arts titled "Dance to the Music." The production features a cavalcade of fluorescent colors, pop tunes and funky, fancy footwork starting Friday, June 23, at 7:30 p.m. This one-act production celebrates 44 years of one, two, and three generations of West Coast Dancers.

On Saturday, June 24, also at 7:30 p.m., the one-act production has a couple of special purposes. It will showcase the internationally popular West Coast Performers in a high-energy musical song-and-dance production. They will tap and rock and roll to some funky beats and move and groove in the grand finale.  
For the first time in recent memory, The West Coast Dance revue will be held at the Encinal High School gymnasium, 210 Central Ave., because the Kofman Auditorium is currently closed. Tickets are available at the door and cost \$25 for adults and \$20 for seniors and students.  
The West Coast Performers are a non-profit performing group from Alameda. This talented group of teens and young adults have vol-

teered and performed for the Alameda community, throughout the United States and all over the world. For the past several years they have traveled to Japan, Puerto Rico, Russia, Australia, Mexico, New Zealand, Italy, France, England, the Bahamas, Costa Rica, Florida, New York, Utah, Las Vegas, and Hawaii, Disneyland, Disney World, Disneyland Paris and Tokyo Disneyland.  
This summer the West Coast Performers will travel to and perform in Jamaica, the Cayman Islands, and Cozumel. They are becoming the most-traveled group of young singers and dancers in the area and are rapidly becoming young ambassadors from Alameda.  
Xavier is proud to run the longest-running dance studio in Alameda with second and third generations of West Coast Dancers. She has been performing for the good people of Alameda since she was four years old and has donated her talent and services to the many community events locally and all over the world. Her dream is to keep quality theater alive on the Island and to showcase the many talented young performers from Alameda.

### Believe It or Not!

## Riddles

BY EMMANUEL WILLIAMS

When the wind and the waves are as quiet as a prayer, I show you the planes as they fly through the air. I show you the clouds, I show you the birds, Then the sea-winds awake And everything's blurred.

WHAT AM I? (Answer next week) Previous Answer: Razor.

KIDS! Send correct answers to [ekos@alamedasun.com](mailto:ekos@alamedasun.com) three weeks in a row and win a pack of riddle cards courtesy of Alameda resident Emmanuel Williams.
